

Roam'n Around is in the business of selling your items on consignment. **The better they look, the better they sell!** Please review the following guidelines while preparing your gear and clothing for consignment.

[FOOTWEAR]

- All footwear should be cleaned with a damp cloth and all visible dirt/rocks from the soles should be removed. Don't forget to check the inside/insoles for lint and pet hair that needs to be removed.
- Remove and wash insoles with soap and water, and make sure they are dry and returned to the shoes before consigning.
- Shoelaces and buckles should be in good shape.

[CLOTHING/APPAREL]

- All clothing must be brand-name technical/travel apparel, with minimal (preferably no) tears, stains, or pilling. *We do not accept casual or business clothing.*
- **All clothing must be laundered prior to consigning.**
- Waterproof clothing should be washed with appropriate detergents.
- Please ensure all zippers and fasteners are functional & Velcro is free from debris.
- GearAid.com has great articles about washing and repairing down jackets and GORE-TEX items.

[OUTDOOR GEAR]

- [Tents must be cleaned](#) and free of mold or mildew – also check the integrity of the seam tape/lining. Tents must include all parts, poles, rainfly, base footprint, etc. Please set up your tent prior to consigning to make sure nothing is missing.
- [Sleeping bags must be laundered](#), clean, and free of odors.
- Inflatable sleeping pads must hold air. Please test them before being brought in to consign.
- Camp stoves need to be operational. Clean any carbon residue and empty the fuel tanks.
- Backpacks should be clean without tears. All buckles and zippers need to work as expected.
